## The Professional A3 Laser Printer

Your work speaks volume and nothing conveys your idea better than a large professional laser printout that impresses your next prospect. Then again, laser printers capable of delivering clear, sharp printouts are far and few in between, not to mention the inadequacy of handling media up to A3 size. And big, industrial-strength laser printers can be costly too.

Understanding this constraint, Canon engineered the LASER SHOT LBP3500. Being one of the most powerful desktop laser printers, the LASER SHOT LBP3500 is designed to produce professional laser printouts in A3 size - fast! Built to perfection for small or home offices, especially those in the creative industry, the LASER SHOT LBP3500 delivers big and impressive results to guarantee your strictest demands are met with full satisfaction.

# Unquestionably one of the most powerful desktop A3 laser printers.

A3 SIZE

### The Need For Speed

With such dynamic pace that businesses operate nowadays, you need documents and presentations printed fast and the LASER SHOT LBP3500 does just that. When your office needs one single machine that produces a high print rate of 25 ppm (A4) and 15 ppm (A3) in stunning quality, the LASER SHOT LBP3500 is clearly the choice. What's more, with Canon's advanced CAPT and Hi-SCoA technologies, your first printout will be ready in just 10 seconds or less, making sure you meet the tightest deadlines - with the perfect laser output.

### Waste No Time

How often do you have to nervously pace around your printer waiting for it to warm-up before printing that urgent, all-important document? The good news is, with Canon's ingenious On-Demand Fixing technology, you can free yourself from the frustration of waiting with zero warm-up time. As soon as you hit that print button, the LASER SHOT LBP3500 goes to work.

### Quality That Speaks For Itself

Be it a site plan, graph, chart or text document, the LASER SHOT LBP3500's 600 x 600 dpi print resolution ensures the print job is done to perfection - all the time - in crisp, professional laser quality. When sharpness is of paramount importance, the LASER SHOT LBP3500 can be further enhanced right up to the equivalent of 2400 x 600 dpi using Canon's Automatic Image Refinement technology.

### A True Workhorse With Exceptional Work Rate & Flexibility

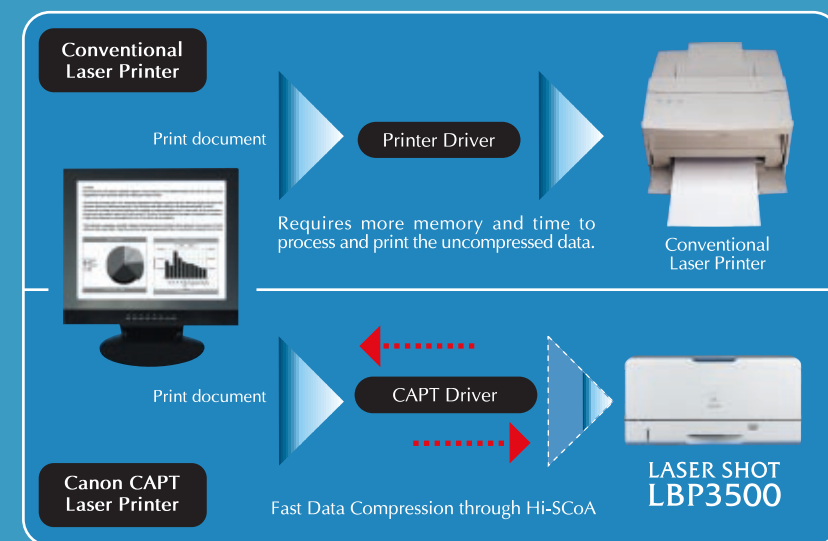

Built with a standard 250-sheet paper cassette and a 100-sheet manual feed slot, which can be further increased with an optional 500-sheet paper feeder PF-67 for a maximum 850-sheet input, the LASER SHOT LBP3500 is undeniably designed for handling high volume printing. Install the optional duplex unit for automatic double-sided printing. Create that professional look to your reports while saving on paper cost. It's that easy.

Enhance printing productivity by simply installing an optional network board to your LASER SHOT LBP3500 and share print resources throughout your office. For dedicated usage, standard USB 2.0 High Speed connection provides speedy transfer between your PC and the printer.

### WE ARE FASTER WITHOUT THE NEED FOR RAM UPGRADE:

It's all in the technology that Canon has built into the LBP3500: CAPT 2.1 and Hi-SCoA.

#### CAPT 2.1

Canon Advanced Printing Technology, or CAPT 2.1, is an entirely new way of processing print jobs. It taps on the abundant power of modern computers, harnessing this power to process print jobs. This frees the LBP3500 to concentrate on producing perfect printouts fast!

#### Hi-SCoA

High Smart Compression Architecture, or Hi-SCoA, is yet another radical rethink of the printing process. Instead of loading the printer with RAM upgrades (thus inflating the cost), Canon took another approach. Using Hi-SCoA technology, print job data is first compressed into more manageable sizes which allows faster transfers from computer to the printer. Since compressed data requires less memory space, the LBP3500 requires less RAM to do what it does so well. Bottomline: faster printing without the costly RAM upgrades.

## LBP3500 SPECIFICATIONS

Printing Speed (Monochrome)	25 pages per minute (A4)*	
	15 pages per minute (A3)*	
Maximum Paper Size	A3	
Printing Method	Laser Beam Printing / Electrophoto Method	
Fixing Method	On-Demand Fixing	
Printing Language	CAPT (Canon Advanced Printing Technology)	
Maximum Resolution	2400 x 600 dpi	
First Print	Less than 10 seconds*	
Toner Cartridge	Cartridge 309 (12,000 pages)* Starter cartridge (6000 pages)	
Paper Weight	64g/m <sup>2</sup> to 90g/m <sup>2</sup>	
Paper Input	Standard Cassette	250 sheets
	Multi-Purpose Tray	100 sheets
	Paper Cassette PF-67 (Optional)	500 sheets
Paper Size	From Cassette	A3, B4, A4, B5, A5, Legal, Letter, Executive
	From Multi-Purpose Tray	A3, B4, A4, B5, A5, Legal, Letter, Executive Envelope (DL, COM10, C5, Monarch), Index Card Custom Paper Size (width 98.0 to 312.0mm, length 148.0 to 470.0 mm)
Paper Output	Face-down	250 sheets
	Face-up behind the printer	50 sheets
Duplex Printing	Optional DU-67 Duplex Unit	
Network Printing	Optional NB-C1 Network Board	
Operating Noise	Printing	< 57dB or less
	Standby	< 32dB or less
Power Consumption	Printing	424W
	Standby	33W
Dimension (mm)	518(W) x 439(D) x 277(H)	
Weight	Standard	Printer Unit (19.3kg), Cartridge 309 (2.1kg)
	Optional	Paper Feeder PF-67 (9.3kg), Duplex Unit DU-67 (3.9kg)
RAM Memory	8MB SDRAM (no additional memory required)	
Interface	Standard	USB 2.0 High Speed (also compatible with USB 1.1 Full Speed)
	NB-C1 Network Board (Optional)	Ethernet 10Base-T / 100Base-TX(TCP/IP)
Memory Technology	Hi-SCoA (High Smart Compression Architecture)	
Imaging Technology	A.I.R (Automatic Image Refinement)	
Supported OS	Windows 98/ME/2000/XP	
	Linux (driver will be available from <a href="http://www.canon-asia.com">www.canon-asia.com</a> )	

\* Based on A4 plain paper printing at 5% coverage, single side, output face-down

### OPTIONAL ACCESSORIES

500-sheet Paper Feeder PF-67

Duplex Unit DU-67

- Prepare professional-looking report with double-sided printing while saving paper.

Network Board NB-C1

- Network your LBP3500 for sharing in a multi-user environment with the optional Network Board NB-C1.

### CONSUMABLES

Original Canon Toner 309

- Power up your LBP3500 and reduce overall print costs by using original Canon cartridges.
